Dancing School Presented Its Annual Program Saturday

What goes on after five in a big department store was portrayed by the Cameron School of Dance Saturday, May 14, at 8 p.m. in the C. H. Yoe Gymnasium.

Fairyland Department Store on the corner of Fantasy and Make-Believe Streets was the place while the scene is takn from th first floor — Cosmetics, candy, jewelry and notions counters.

Clerks who are on their way home are Shirley Kay Clements, Harroway, Gladys Rae Humplik, Patricia Titsworth Lynn Wells, Jane Wied, Jolene Wied, Patsy Zavrel, Carol Ann Wilson.

After their departure the fun begins as the powder Puffs and Lipsticks, who are Janie Lou Brady Jane Burns, Barbara Jo Hickman, Terry Ann Ripley, Stevie Ward, join the peppermint sticks, Carolynn Jean Brashear, Pam Green, Lanette Laffere, Joyce Terry, in providing merry makings.

Carol Ann Wilson is the perfume in the show while strings of pearls are Lynette Green, Valerie Green, Joan Lester, Nancy Moody, Linda Shpherd, Linda Smith.

Jean Lester was the emerald ring, Nan Reno the diamond clip, Suzanne Lippman the ruby brooch while the notes from the music department will be furnished by Pam Green, Lanette Laffere, Barbara Ann Scott, Carol Ann Sheffield, Joyce Terry.

From the What-Not-Shelf many dancing figurines will float around the room. Ballerinas are Shireley Kay Clements, Lynda Griffin, Carol Ann Wilson and Lynn Wells; the balloon girls will be Sandra Baskin, Becky Harden, Betty Kestenbaum and Jean Lester; and the penguins will be Janie Lou Brady, Jane Burns, Barbara Jo Jo Hickman, Terry Ann Ripley, Stevie Ward.

Scene II switched to the second floor where the Ladies Ready-to-War, Toys and Sport Shop is located.

Formals for Milady were be portrayed by Betty Kestenbaum, ane Monroe, Carol Ann Wilson. Dolls will be Lynette Green, Va Moody, Linda Smith, Eugne Wallace.

Carolynn Jeean Brashear, Pam Green, Lanette Laffere, Joyce Terry from the sport shop and Sandra Baskin, Becky Harden, Betty Kestenbaum, Jean Lester, Ann Swift, Nancy Jane Zavrel will feature a sport shop fashion feature.

Mannequins from Around the World Shop were Suzanne Lippman as Swiss-Miss and Sandra Smith and Laura Swift as the visitors from Bagdad. Nan Reno will be the Carmelita and Carol Ann Wilson as the Jack-in-the-box.

A display workshop will be featured during scene III. Shirley Kay Clements, Linda Ann Ethridge, Linda Harroway, Gladys Rae Humplik, Bridget Michalka, Patricia Titsworth, Lynn Wells, Jane Wied, Jolene Wied Patsy Zavrel, Carol Ann Wilson are going to put on a Ghosts parade and Nan Reno a French Can-Can Doll. Ann Swift and Nancy J. Zavrel will put on a futuristic display.

The program was open to the public with no admission charged. Costumes are by Mrs. Freida McElwrath and Martha S. Parkhurst is the teacher.

Kohutek Grocery Grand Opening Big Success

Mr. and Mrs. E. L. Kohutek, owners and managers of Cameron's newest food store on North Jackson Street pronounced their grand opening celebration Friday and Saturday a huge success, with hundreds of people attending.

The expressed their appreciation to all of those attending and asked all of those who were unable to do so to come by their new store to see their new building.

Those winning the 12 free baskets of groceries given away during the grand opening were Mrs. Joe Petrue, Mrs. Una Mae Carroll, Ed Junek, Vance Brock, Raymond Harris, Henry Michalka, Mrs. Lewis Lumpkin, Mrs. Charlie Meyer, Mrs. Deloros Rolling, Mrs. Dean White, Harding Rummel and Mrs. John Jistel.

Mardi Gras Is Theme of Yoe High Junior - Senior Banquet - Prom

Yoe Highschool juniors and seniors climaxed their school year Thursday evening with a lavish banquet and prom.

There were 180 attending the baquet, which was held in Simon-George Hall and the dance in the gaily decorated gym.

Theme of the evening carried out the New Orleans Mardigras idea, with the gym decorated as a street in that city.

At the banquet, Wayne Fisher gave the invocation. Tom Collins gave the welcoming address with Fred Petmecky giving the response

A Bon Voyage to the seniors was given by Superintendent W. T. Hanes.

Following the talks the Mardi Gras Floor Show took the spotlight with the French Frolickers. "Masked Moderneers", "Around Town with Edgar and Charlie", the "Dancing Demons", "Mardi Gras Toast" being presented, followed by the entire group singing "On Yoe High".

Senior class officers are Fred Petmecky, president, Joyce Wallace, vice president, Wayne Fisher, secretary and Nancy Grabein, reporter. Sponsors of the clas are Mrs. C. L. Canady, Mrs. Herbert Nance, Mriss Barbara Evers, and Leo Jackson.

Junior class officers are Tom Collins, president, Betsy Vogelsang, vice president, Joyce Nicholson, secretary and Pat Moraw, reporter. Class sponsors are Miss Ada Margaret Smith, Miss Mary Jean Bounds, Miss Patsy Skeen, Mrs. R. L. Thompson, V. A. Adams and Roland Napps.

Garrett Heads Bankers Association

P. B. (Jack) Garrett was elected president of the Texas Bankers' Association at the close of the Texas financial leaders' 71st annual convention held in Fort Worth

P. B. (Jack) Garrett

The convention, held here at the Texas Hotel, was attended by more than 1,300 bankers from throughout the State.

Mr. Garrett is president of the Texas Bank & Trust Company of Dallas and is widely known for his efforts in soil and water conservation in Texas. He has been vice-president of the T. B. A for the last year.

Parking Meter Indictments Cleared By Pruett Paying $55.30 Fine

Cameron's city docket has been wiped clean of indictments on parking meter violations by a settlement with Hinton H. Pruett on two cases which had been filed and six cases cited for filing.

The docket shows that Pruett paid $20.15 for each of the two cases filed and 15 $1.00 fines for other parking tickets, amounting in all to $55.30.

The complaint was filed April 26 with Roy Baskin, city attorney, calling on Pruett for settlement.

Parking meter regulations throughout the city will become more restraining if the City Council passes the proposals made by the Police Committee at their recent meeting. The proposed new program states that city officer Marshall Terry will be authorized to place a ticket on anyones windshield that is on a red meter and will not trace anyone down for money to put in the meter or be able to take coins from the vehicle for the meter.

Smallest Group of Registrants For Selective Service Since 1948

Local Draft Board No. 92 registered one of the smallest group of registrants from Milam County since the beginning of the present Selective Service Act in 1948.

Only twelve young men reported for registration, having attained the age of eighteen during the month of April or having been recently discharged and reporting for registration for the first time. They are as follows:

Jimmie Lee Richards, Branchville; Thomas Leon Beale, Cameron; Rudoph Albert Tepera, Cameron; Juan Gonzales, Cameron; Allen Eugene Noey, Cameron; Johnnie Brent Wright, Cameron; Otis Jarry Phillips, Rockdale; Bill Gene Heugatter, Burlington; Jimmie Earl Pratt, Milano; Benny Carrol Massengale, Cameron; Purvis Calvin Nesbit, Rockdale; Zackie Brant Griffin, Jr., Buckholts.

"Young men are reminded," states August G. Kunz, Chairman of the Board, "that the Selective Service Law is in full force and effect and they are required by law to report to the nearest draft board for registration within five days after becoming eighteen years of age. Young men who have just been discharged and have not previously registered are required to report to the draft board office within thirty days after discharge, while men who are already registered are required to report within ten days after discharge."

Mr. Kunz further states, "If a young man has overlooked his obligation to register, a grace period will be allowed at the present time, but he is urged to report to a draft board office at once.'.

Mrs. O. Meyer Funeral Rites Held Monday

Funeral services for Mrs. Otto Meyer, 61 years of age, who died May 14 were scheduled at the Marek-Burns Funeral Home Monday, May 16 at 3 p. m.

Services were conducted by the Reverend Albert Michalik of Temple, assisted by Mrs. Evelyn Muse. Burial in Oak Hill Cemetery.

Mrs. Meyer was married to Otto Meyer in Buckholts on March 25, 1917. They moved to Cameron in 1923.

Survivors include her husband Otto Meyer of Cameron; her son, Alvin Meyer of Cameron; one daughter, Mrs. Orville Johnston of Dallas; two brothers, Jim Petruy of Buckholts and Joe Petruy of Cameron; one sister, Mrs. Frances Zatlukal of Temple and one grandchild.

Pallbearers listed were Bob Bailey, Earl Angell, J. Starret Hickman, Frank Schiller, Henry McLane, Lawrence Fuchs, Morris Eplen and Ed Kolba.

Mrs. Frank Polansky First Milam Woman To Serve On Jury

Milam County's District Courtroom underwent a drastic change with Wednesdays activities. For the first time a woman was sworn in to serve on the jury.

Mrs. Frank Polansky, a Cameron resident for many years, has the distinction of being the very first of Milam females to help decide on a court case.

The case before Judge C. D. Graham is C. B. McDaniel versus The Travelers Insurance Company in a workmans compensation suit.

District Clerk, Grady Allen, stated that women on the jury have not brought up any particular problems yet, but added that none had been on a criminal case yet, which might make temporary quarters a problem.

Those serving on the jury with Mrs. Polansky are G. T. Burnett, R. M. Cosby, M. J. Cass, Linza Caffey, W. F. Glaser, Erwin Niemtschk, D. J. Kuzel, Herman Hoelscher, M. S. Hickman, F. L. Gregory and Clifford W. Bartlett.

Parents Are Urged To Bring Childs Records For School Files Now

Wiley Loughmiller, principal of the Ada Henderson Elementary School and the Ben Milam Primary grades, reminded parents today that all first graders will be required to have birth certificates and a record of immunizations prior to entering school.

"If school started tomorrow," Loughmiller stated, "there are only 24 children who would be eligible to enter the first grade, who have all their necessary documents on file.

He added that although Small-Pox is the only shot required by law as essential for school children, all educators recommend that they are also immunized for Diptheria and other communicable diseases.

He estimated that there would be approximately 100 enrolled in the four first grades this year, with 63 already registered.

Parents were advised that they can bring the birth certificates and immunization records by the school before the school term ends or mail them to: Wiley Loughmiller, P. O. Box 495, Cameron, Texas at any time.

Most people are partial to months of late summer and fall. But not State Health Department birth record keepers.

To the staff of the department's Bureau of Vital Statistics, August through October is the roughest time of the year.

The reason: parents who know their children must have birth certificates before they can enter school for the first time but who put off making requests for certified copies until the last minute.

Last year bureau personnel processed more than 40,000 requests during those three months. For a limited staff, that means hours of night and week-end work without overtime pay.

Bureau personnel shudder when they think of the estimated 227,000 kids who will be eligible to enter the first grade in September.

Many of them have copies of birth records already and will create no problem. Others live in areas where local school boards do not require proof of age before admitting the child to the hallowed halls of learning.

But the majority don't have certified proof of age, despite the fact that they live in areas where school officials insist on such proof. It-s this category that give bureau statisticians and clerks sleepless night.

Says Bureau Director W. D. Carroll: "We're ready to give immediate service to applications which come in before the fall rush."

Carroll, a long-time veteran of vital statistics work, directs the affairs of the bureau where more than ten million birth and death records — some dating back to early 1903 — are on file.

Several hundred parents have already taken advantage of the spring lull in bureau activities by requesting and receiving certified copies of birth records for their children, Carroll says.

The first one came in on March 24 from Mr. and Mrs. Alvin M. King of Port Lavaca. Their son is due to enter the first grade in September. They wanted to make sure they could prove he is six.

"All we need is the child's name and date and place of birth, and the mother's maiden name and the name of the father," Carroll said. That information, together with the statutory fee of fifty cents will buy anyone a copy of their birth certificate — provided the bureau has the certificate on file.

There's just one more thing: if you don't want to write to Austin, check with your local registrar. Chances are he can supply the record for you.

In either case, do it soon. That fall bind can get mighty tight.

Extensive Civic Program Outlined By Local C of C

A sweeping program of improvements to benefit the city of Cameron in diverse ways was presented by the Civic Improvement Committee at the Chamber of Commerce board meeting Friday noon at the Milam Coffee Shop.

The entailed program, outlined by C. A. Jackett, chairman, included plans for improving the water system, sewer system, adding a municipal building and recreation center, beautification of highway entrances to the city, improvement of the city park, suggesting that the C of C decide conclusively how it stands on the matter of a charter and push their decision and advance the possiblility of reviving the County road program.

Jackett further carried out his committees ideas for a more abundent supply of facilities for residents by elaborating on each portion of improvements. His suggestions were as follows:

1. WATER — Urge City Council to bring about at earliest possible date an adequate supply of PURE water to meet current need and provide assurance of proper water supply for substantial future expansion of Cameron.

2. Sewer — Urge City Council to adopt a well engineered sewer improvement program, which will include steps to modernize and clean up serious unsanitary conditions now in existance and plans to cover future growth needs.

3. Urge a development program for the City for a municipal building and recreation center which will include (1) space for the library, (2) offices for the Chamber of Commerce, (3) space for public meetings and acommunity recreation, (4) a safe playground area for children and (4) playground equipment suitably enclosed and controlled.

Another important decision by the board included the acceptance of a $10,000 budget which included ample funds for many civic project sponsored annually by the C of C.

On the matter of holidays, Narvie Caperton reported that out of 150 ballots sent out 98 were returned. Out of that 98 every holiday listed received a majority of the votes.

Board members felt that the businessmen sanctioned of the holi days without understanding the meaning of their vote. It was voted unanimously to approve the first five of the legal holidays receiving the most votes, and leave the other two as optional. Holidays elected by majority are July 4, November 11, Thanksgiving, the Monday following Christmas and New Years, since those holidays fall on Sunday this year. The two optional holidays are May 30, Memorial Day and Labor Day.

Several of the board members were of the opinion voiced by one member, "I don't see how businesses in Cameron can close on Labor Day, since that is the first Monday and the first day of school."

It was reported that the banquet following the well-participated in Poultry show brought out 125 boys and their sponsors for a barbecued chicken dinner.

In the absence of the chairman of the Industrial Relations Committee, C. of C. president, Bill Burns, reported that there are prospects now for four new businesses locating in Cameron.

Jimmy Wiggs reported that the membership drive looks favorable, with several new members already on the roll and several other prospects to contact. He added that it is his hope that everyone will realize what the Chamber is trying to accomplish, and then he feels certain that cooperation will become a matter of habit.

At the conclusion of the meeting Drayton McLain gave a report on the Caldwell Chamber of Commerce Dinner at which he represented the Cameron organization. He stated that the main topic of the main speakers address is important in every community. It was "Every community has to have confidence in its leaders."

Milton Schiller then asked that the C of C cooperate in the Summer recreation program by volunteering assistance to the leaders.

Final item of business was the decision to sponsor the Milam County tax survey.

Knights Columbus Hold 51st. State Convention In Houston

City - School Sponsored Summer Recreation Plans Big Program

Coach Lo Jackson confirmed the fact that an extensive program of activities have been outlined for the youth of Cameron during the Summer Recreation Program being sponsored jointly by the School

"We are issuing a spcial invitation to the youngsters in this school district living out in the rural areas," Jackson stated, "and the all of the student of St. Anthonys school here in Cameron."

All ages will be planned for in the summer activities which will start on June 13 and continue through the first week in August.

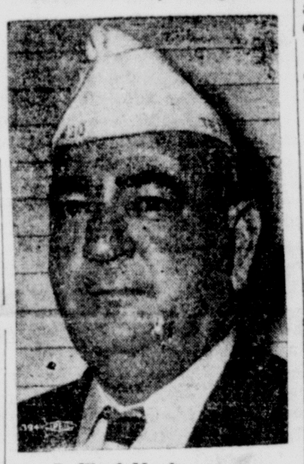
Jackson stated that he will direct the boys activities while Miss Dallie Young will supervise the girls program and C. L. Sadberry will be in charge of the O. J. Thomas youngsters summer program.

He added that although the Little League Baseball will come under the head of Summer Recreation, that all of the events will not be in the soft-ball line, since many other forms of recreation are being planned.

Registration for the Little League will begin just as soon as final arrangements for a schedule are made, which should be in the near future, Jackson stated.

Phillips, McMahan Guest Speakers of American Legion

Senator Jimmy Phillips



G. Ward Moody

State Senator Jimmy Phillips of Angleton and Dr. George T. McMahan, manager of the Veterans' Administration hospital here, will be among speakers at the annual Spring convention of the American Legion for the 11th Congressional District to be held in Waco Saturday and Sunday, May 21 and 22, District Commander W. A. Hawkins of Waco announces.

Others who will address the convention will include G. Ward Moody, Austin, state adjutant; Miss Doris Anderson of Austin, state president of the American Legion Auxiliary and the head of the 40 and 8 in Texas, Joe L. Mathews of Fort Worth.

Open house will begin at 10 at James Connally Air Base. Registration will begin at 9 o'clock Saturday morning at home of Post No. 121, Waco, Thrd and Tennessee. The annual convention dance will be held at the American Legion home Saturday night starting at 9 o'clock.

Coffee and doughnuts will be served from 8 to 9 Sunday morning and the joint meeting of the American Legion and Auxiliary will be called to order by Commander C. F. Domagalski of the host post. County Attorney William Logue will give the welcome address and the response will be by W. S. Bigham commander of the Killeen post, largest in Texas. Dr. McMahan, Miss Anderson and Mr. Mathews will speak on the morning program. Memorial services will be in charge of the Fort Worth Voiture of the 40 and 8.

Luncheon will follow and Rep. Bert McDaniel will introduce Senator Phillips who will be the speaker Senator Phillips has held many state and national positions in the American Legion and during the current session of the legislature has been the sparkplug of the probe of the Veterans Lan Board.

Commander Hawkins will call the business session to order at 2:30 o-clock when Adjutant Moody will be the principal speaker. Officers for another two years will be elected and delegates named for the national convention.

Day Of Prayer For Missions In Ben Arnold

On Ascension Day, May 19, May 19, 1955, a Special Service will be held in the United E & R Church of Ben Arnold, beginning at 8 p.m.

The service will be conducted by ladies of the United E & R Women-s Guild, with a sermon by the pastor of the church, the Rev. Alber Petrich, who will speak on the topic: "Christ at Heart's Door". This will be Pastor Petrich's farewell message to the community, as he will speak from the United pulpit only two more times after this service, May 22, and May 29. On June 1 he will begin his ministry in St. John's E & R Church, Richland (route 3, Manor), Texas.

Everyone, who is not attending a service in his own church at this time is cordially invited, and urged, to attend this special event.

Chas. Matula Among Boys Chosen To Attend Camp

The Knights of Columbus of the State of Texas held their 51st annual State Convention in Houston on May 10 and 11. The convention opened with a Pontifical High Mass with Most Reverend W. J. Nold, Bishop of Galveston, Celebrant. The sermon was delivered by the Acting State Chaplain, Rev William O'Connor, O.M.I.. On the evening of May 10th. a banquet was held in the Crystal Ball Room of the Rice Hotel, the main speakers being Wm. Burke, Supreme Director from New York and Bishop W. J. Nold.

Reynaldo G. Garza, State Deputy, was in charge of the business meetings of this convention. During this convention fourteen boys over the State of Texas were chosen to attend a two weeks camp at the Catholic Boys Camp at Kerrville, Texas with expenses being paid by the State Council of the Knights of Columbus. One of the boys chosen to attend this camp was Charles Matula, son of Mr. and Mrs. Charles J. Matula of Cameron.

State Officers elected for the coming year were James F. Houlihan, Schulenburg as State Deputy, Dan Gallagher, Abilene, as State Secretary, C. C. Martinez, Laredo, as State Treasurer, Nato Quintanilla, San Antonio, as State Advocate, Rodney J. Hardey, New London, as State Warden and Rev. C. E. McTamney, Dallas, was appointed State Chaplain.

Those attending the convention from the Cameron council were E. O. Schiller Jr., and Dr. A. A. Urban of Rockdale.

Sharp High To Graduate 13 Seniors

Thirteen seniors are to be graduated from Sharp High School in commencement exercises to be held in the school auditorium May 27. Don Mercer, Training Director of Alcoa's Rockdale Works, will deliver the address.

The Valendictorian of the class is Beverly Schwarz, daughter of Mr. and Mrs. Willie G. Schwarz.

Joyce Walker, daughter of Mr. and Mrs. Edward Walker, is salutatorian.

The highest ranking boy of the class is Lee Roy Kohring. He is the son of Mr. and Mrs. W. H. Kohring.

A reception to be given by the PTA for the seniors will follow these exercises.

Rev. W. M. Logan, pastor of the University Presbyterian church in Austin will deliver the address at the Baccalureate service to be held in the auditorium Sunday, May 22.

The members of the graduating class are Marvin Nemec, Beverly Schwarz, Terry Glenn Shelton, Mary Jo Harbux, Merle Charles, Glenn Bean, James Janke, Lee Roy Kohring, Garlon A. Lawrence, Jr., Joyce Walker, Marie Crouch, Marjoirie ohle, and Billie Gene Piske.

Jean Bradbury Hostess At Coke Party Thursday

Among the social activities of the senior class of Yoe High this year was a delightful Coke party given by Jean Bradbury at her home Thursday.

Guests attending included girls of the senior class of 1955 and their mothers. Miss Bradbury is a senior and the daughter of Mr. and Mrs. C. W. Bradbury.

There is still time for Texas 4-H members to make their contribution to the cargo of the Texas Friendship to Korea. All contributions made by Texas 4-H members will go to 4-H members in Korea. Cash donations are especially needed to buy demonstration and project materials for the Korean members. Local county agent or pastors can supply information on the program. It's the "Heart H" in action.

Vernell Frosch of Lexington Wins 1955 Alcoa Scholarship Award

ROCKDALE, Texas, May 12. — Vernell Frosch, graduating senior from Lexington High School has been selected to receive the 1955 Alcoa Foundation Scholarship Award, H. H. Pruett, Milam County School Superintendent, announced today. The winner was chosen by a Selection Committee made up of School superintendents from this area.

Miss Frosch is one of a group of nine sons and daughters of Alcoa employees who completed for the $2,000 scholarship. She is the daughter of Mrs. Lena K. Frosch and the late C. M. Frosch, who was a foreman at the Rockdale Works.

The eighteen-year old scholarship winner has received all of her schooling in Lexington and has an over all grade average of A. She is past vice-president of the Lexington Chapter of the Future Home makers of America; past president of the high school drill squad; secretary of the senior class; assistant editor of the school annual, THE EAGLE; and has taken part in basketball and debate. Miss Frosch plans to attend Southwest Texas State Teachers College at San Marcos. She has three sisters, Dorothy, Florene, and Lela Fay, and a brother, Charles.

The Alcoa Foundation each year awards one or more scholarships to deserving sons and daughters of Alcoa employees at each of the Company-s operating locations. Each winner receives an annual grant of $500 to be applied to his expenses at the college of his choice. The amount will be granted each year for four years so long as the recipient maintains high scholastic and personal standards.

The first award at the Rockdale Works was made last year, and went to Lee Hyder, son of Mechanical Superintendent and Mrs. Frank Hyder. Young Hyder is now attending Rice Institute in Houston.

The scholarship program at Rockdale is administered by a sponsoring Board made up of Rockdale Works Manager J. D. Harper; George Bredt, rancher from Rockdale; C. A. Wunche, Thorndale businessman; John C. Soloman, minister from Cameron; and John M. Griffith, Taylor banker.

Selection of the candidate to receive the award is made by a board of men named in the field of education. On this Board are School Superintendents H. H. Pruett, Milam County, Chairman; T. H. Johnson, Taylor; W. C. Grissom, Rockdale; W. T. Hanes, Cameron; A. P. Kleinschmidt, Lexington; and Ray Dorsett, Thorndale.

Other students competing for the award were Mary Sue Bludworth, Lexington; Melton Drummond, of Thorndale; James Chaffin, Caldwell; and Barbara Smith, Mary Jo Kederis, Gretchen Hartsock, Robert Walter, and Clinton McAdams Jr., all of Rockdale.

Alcoa Lets Contract For New Station

The contract for construction of the Rectifier Station building at Alcoa's Rockdale Works has been awarded to O'Rourke Construction Company of Houston, Works Manager J. D. Harper has announced.

The 360 foot long concrete building is part of the recently announced expansion program which will increase aluminum production at the Rockdale plant by 50 per cent. Work on the building is due to begin next week and be completed by mid-September. In addition to the building, the contract covers miscellaneous concrete paving O'Rourke was at the Rockdale Works during initial construction when they did work on the Administration and Cafeteria Buildings.

Mr. Harper also said that Peterson Construction Company has the contract to replace the damaged steel work in the Metal Service under contract by Mosher Steel Company, and the first delivery is expected in about three weeks.

Mrs. Hughes Gives Tips On Sewing

Fashion governs the use of interfacings, while the fabric and design of the garment governs the type of interfacing used states Mrs Alice G. Hughes, Milam Home Demonstration Agent. The primary purpose of an interfacing, continued Mrs. Hughes, is to give body and a professional look to a garment. It helps the garment to keep its shape, helps to prevent sagging and stretching in loosely-woven

Certain fabrics are more suit- material, and gives crispness to the places where it is used.

Felted interfacings are especially good for lining skirts when a bouffant effect is desired. It is a good practice to use interfacing fabrics of the same fiber as in the dress. This will insure that both the interfacing and the dress fabric will react the same to heat, moisture and steam, and will require the same method of cleaning and the same temperature in pressing. If Cotton interfacing fabric is not pre-shrunk, it should be shrunk before cutting and pressed carefully. able for interfacing certain parts of a garment than are others. Permanent finished lawn can be used down the front of a bodice, in collar and cuffs, under scallops at the front, around the neck, armseye or pockets, to act as a stay under bottons and buttonholes in lightweight silk, rayon and satin garments.

Permanent finished net or marquisette of cotton or rayon can be used across shoulders of a dress, and down the fronts of a bodice in dresses of nonwashable fabrics such as light-weight wolls, and heavier non-washable fabrics.

Firm, light-weight muslin can be used down the fronts of jackets, in collar and cuffs, for hip padding, inside skirt band, in dressmaker suits and coats of linen, rayon suiting, and light-weight wools.

Lone Star Gas Wins Three Awards

Lone Star Gas Company won three awards in the Public Utilities Advertising Association's 1955 Better Copy Contest, L. C. Roberts of Dallas, advertising director, has been advised by Ernest R. Laws of Philadelphia, copy contest chairman.

Mrs. Claribel Thompson, editor of the company's employe newspaper Blue Blaze, received the award for the company, at the P. U. A. A. annual convention in Chicago on Friday, May 13. They represented first in the employe newspapers classification, first in the newspaper advertisement selling gas merchandise, and third in the classification covering newspaper advertisement, any subject.

Chairman Laws pointed out that 2,061 entries were submitted in twenty three classifications and the contest awards are on a national level. He added that the P. U. A. A. annual contest is the oldest competition in the advertising field kernheim, Germany.

Pfc. B. Bassel Jr. Stationed In Japan

Army PFC Byron A. Bassel Jr. 22, whose parents live in Cameron Texas recently arrived in Japan, and is now a member of the Japan Chemical Depot.

Bassel, a requisition clerk at the depot, entered the Army in April, 1954 and arrived in the Far East early last month from Fort McClellan, Ala.

He attended the University of Texas in civilian life.

Cub Scout Circus Planned By Den Two Last of May

Cub Scout Den two met for their regular weekly meeting Thursday afternoon at the home of their den mother, Mrs. W. C. Wallace.

Following the business portion of the meeting the boys were busy making ivy-planters for their mothers.

Boys were enthusiastic over their theme for the month of May, which includes a Cub Scout Circus. Den two is planning their circus at the den on the last Thursday in May from 4 until 5 p. m.

Their project of good will for the day was cleaning their den mothers yard, which was done Saturday morning. The sticks and small pieces of wood were presented to the Brownies.

Mrs. Leon Brady of Buckholts was a visitor in Cameron Wednesday.

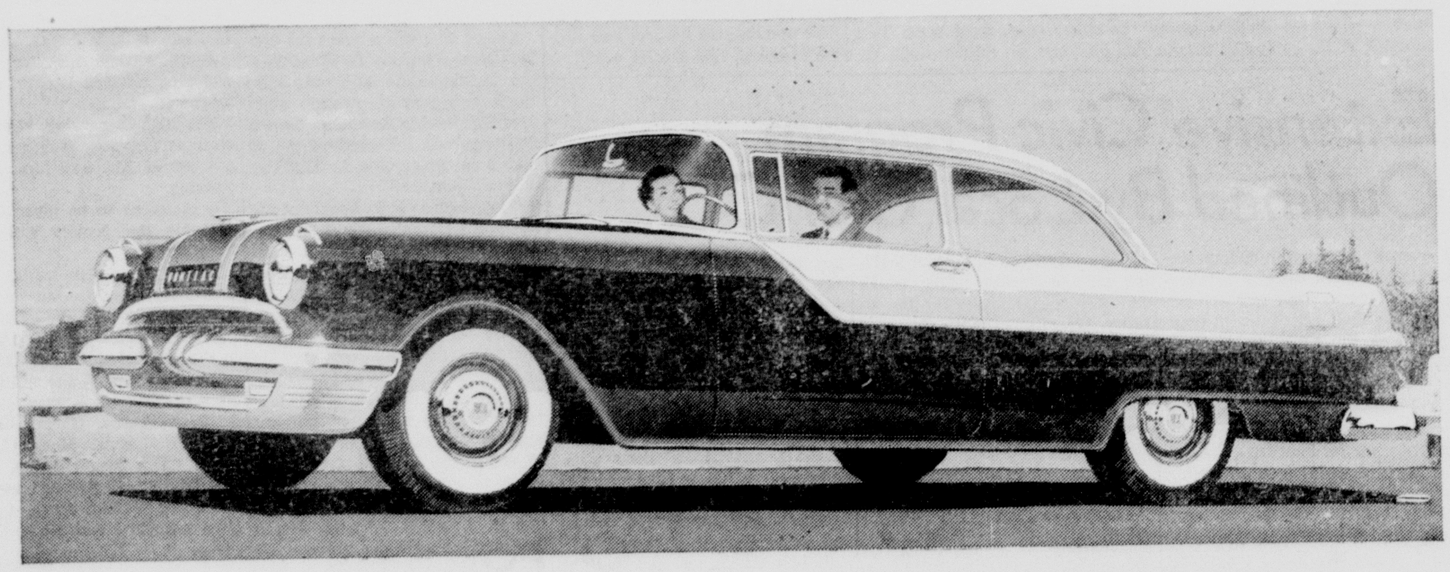
Biggest, Most Beautiful, Highest-Powered Car

EVER PRICED WITH THE LOWEST!



THE BIG, handsome Pontiac you see here represents the greatest automobile value in America!

Keeping in mind the fact that this Pontiac 860 sedan costs *less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes*, consider the many ways in which Pontiac fits so neatly into the fine-car pattern.

First of all, Pontiac is big *where it counts*—in wheelbase. You get a full 122 inches of road-hugging stability and heft—and the secure feeling that goes with it.

Pontiac's beauty is Pontiac's alone. No car at any price is so distinctively keyed to the future. Its exclusive Twin-Streak styling and Vogue Two-Toning bear the future-fashioned touch you know will *stay* in style.

When it comes to performance—Pontiac overtakes even far more expensive cars. Its husky, nimble Strato-Streak V-8, 200 H.P. with 4-barrel carburetor*, provides more power than any car within hundreds of dollars of Pontiac's modest price. You enjoy the flashing response and reserve power of the industry's most modern V-8 engine design.

Come in soon and drive the most spectacular low-priced car ever built! You'll find there never was a better time to break the small car habit, because Pontiac's very low price puts you solidly and pleasantly into the big-car, fine-car class! *Optional at extra cost, 180 h. p. standard.

SEE AND DRIVE AMERICA'S GREATEST AUTOMOBILE VALUE

Statement By Basil O'Conner, President of N. F. of I. P.

NEW YORK, May 8— In the hope of clarifying the situation with respect to the Salk Vaccine, which Basil O'Conner, president of the National Foundation for Infantile Paralysis, said had become unnecessarily involved through a confusion of voices, Mr. O'Conner issued today the following statement:

The National Foundation is interested in the proper manufacture testing and administration of the Salk vaccine and in its most effective use to prevent paralytic polio. It stands ready, able and willing to do all it can within the limit of its power, to make this safe and effective vaccine available to the American people as soon as possible. An understanding of the following facts should help to bring about that result.

1. The National Foundation with the support of the American people has sponsored the development, testing and evaluation of a safe polio vaccine which, when properly manufactured, tested and administered (three doses properly spaced) will be effective in prevnting 30 per cent to 90 per cent of paralytic polio cases. This was clearly set forth by Dr. Thomas Francis, Jr., in his evaluation report released in Ann Arbor, Mich. April 12, 1955.

2. The National Foundation has no control of the manufacture of the vaccine, all of which is produced by commercial pharmaceutical companies.

3. The National Foundation has no control of the testing of commercially produced vaccine. This is the sole responsibility of and is done by the U. S. Government through the National Institutes of Health of the U. S. Public Health Service.

4. Except for the vaccine the National Foundation is making available without cost to children in the first and second grades of the country, the National Foundation has no control over the distribution of the vaccine.

5. Apart from the element of time there are no insurmountable difficulties is the manufacture, testing and administration of the Salk vaccine.

6. It has never been claimed that one dose of the Salk vaccine would prevent paralytic polio. Two doses properly spaced are necessary to accomplish that result. To date only one dose has been given to children in the first and second grades from vaccine made available by the National Foundation where its program is being followed.

7. To date more than 4,500,000 children have received one dose of the Salk vaccine supplied by the National Foundation and approved for use by the National Institutes of Health. In this whole group only 22 cases of paralytic polio have been officially reported including 17 in the group (335,000) who received Cutter vaccine. In the group of 4,165,000 who did not receive Cutter vaccine only 5 cases of paralytic polio have been officially reported.

8. When two doses of the Salk vaccine are given there may be 10 per cent to 20 per cent of those receiving it who will not be protected against paralytic polio according to the Francis Evaluation Report.

9. It was never contemplated that between April 12, 1955 (the date of the announcement of the effectiveness of the Salk vaccine) and July 1 (the beginning of the epidemic season in the northern part of the country) it would be possible to give two doses of the vaccine to all who should have it. Manufactures felt they could not produce the vaccine in large quanitities before they know it was effective. To inocultate children and adolescents between the ages of 0 and 20 (60,090,000) with two doss would require giving 120,000-000 shots of vaccine before July 1. The size of such and undertaking seems to have been ignored.

1. The world "control" has been used continually since April 12 without anyone indicating what it means or what it involves. The National Foundation has no authority to control the distribution of the Salk vaccine. It does, however know what "control" means and involves because it participated for two polio seasons in the controlled distribution of gamma globulin.

11. The only compulsory control that will approach effectiveness is that which envolves the Federal Government acquiring by purchase or otherwise all of the Salk vaccine manufactured during some period of time and then allocating it to the states for use through their public health services on terms and conditions which are supported by scientific fact.

To acquire enough vaccine to give three shots to all children and adolescents in the 0 — 20 — year old group would cost $144,000,000, based on prices at which the manufactures are said to be prepared to offer the vaccine to Federal, State and County Governmental Agencies.

Belton, April 28 — The new wrought-iron sign over the gateway at Mary Hardin-Baylor was recently dedicated by Dr. Arthur Tyson, president, third from the left in the front row. The sign is a gift of Mrs. T. J. Gurniss of La Coste as a memorial to her husband. To the left of Dr. Tyson are Mrs. Ralph San Miguel and Mr. San Miguel of Temple, designer and maker of the sign. Others in the front row are Mrs. Tyson, Mrs. W. N. Furey of Hillsboro, president of the college alumnae association, Mr. Furey, Rev. James Basden, pastor of First Baptist church of Belton and college trustee, and Dr. C. A. Anderson, dean of Mary Hardin-Baylor.

Recreation Workers Needed By National Red Cross

Opportunities for immediate placement as recreation workers in the American Red Cross Overseas open to qualified young women between the ages of 23 and 30, it was announced today by Leslie This, Director of Personnel, Red Cross Midwestern Area Office.

In all, a total of 80 young women are needed to provide leisure-time programs for U. S. troops presently serving in remote areas in Korea, Europe, and North Africa.

The Red Cross Overseas Club Program is part of its traditional responsibility of service to the armed forces and supplements the Army Special Services Program.

Mr. This stated that most of the young women are needed to replace recreation workers now returning from Korea, where they drive clubmobiles to isolated areas to encourage and plan soldier participation in recreational activities.

In Europe and North Africa, the recreation workers operate Red Cross centers with the assistance o local civilian and U. S. dependent volunteers. The centers help provide servicemen with the opportunity to become better acquaintd with local community rsources and to participate in recreation activities.

To be eligible, women must have college training with a special aptitude for group recreation, music, dramatics, and art. Physical fitness is also essential, and applicants must be willing to accept assignment whereever needed in the world.

For all recreation workers assigned overseas, the Red Cross pays maintenance, travel expenses, and provides an initial uniform allowance. The salary scale will be determined according to back ground and experience.

Women interested in receiving further information on these openings should write to the Director of Personnel Service, Midwestern Area Office, American National Red Cross, 4050 Lindell Boulevard, St. Louis 8, Mo., or contact their nearest Red Cross chapter.

American Legion To Present Awards

Robert Glenn, Commander of the American Legion, announced today that this year, as in the past two Ada Henderson students, a boy and a girl will be selected by the student body to receive the American Legion Awards, consisting of a plague and a certificate of merit.

He reported that the awards will be presented to the students at the closing exercises on the last day of school.

Mr. and Mrs. Cliff E. Wallace, Pasadena, Texas, announce the birth of a daughter, Carla Jean, on May 2, 1955. Mrs. Wallace is the former Bernice Jean Longmire.

Grandparents are Mr. and Mrs Lee Wallace Sr. and Mr. and Mrs. Mason W. Longmire, all of Minerva.

A truly safe place to keep valuables is a SAFETY DEPOSIT BOX At Citizens National Bank, member FDIC.

Engagement of Elizabeth Schmidt Announced

Mr. and Mrs. Edmund C. Schmidt of Cameron announce the engagement of their daughter, Elizabeth Ann, to Mr. Lawernce Zelisko

Miss Schmidt
Summer Bride

son of the late Mrs. Anne Zelisko of Buckholts.

Miss Schmidt is a graduate of Texas Lutheran College and received her bachelor of science degree from Southwest State Teachers College, doing graduate work at the latter school. She is presently a member of the faculty of the Buckholts Public Schools.

Mr. Zelisko is a graduate of Blinn Junior College and Texas Lutheran College. During the war he served three years with the Army Air Force overseas. He is owner and operator of the Rosebud Chick Store.

The wedding will take place at the Hope Lutheran Church, Buckholts, Texas during the early summer.

Cameron CYO Splits Double Header Sunday

It was a rough day Sunday for the Cameron CYO boys team as they bowed to the tough Brenham CYO team, 12-5.

The defeat by the Brenham nine was the first for the St. Monica team in the District CYO league this year.

Up until the beginning of the 6th inning, the Cameron CYOers were out front 5 to 4. At this point pitcher Jimmy Thompson gave up several walks and a few good hits put the visitors ahead to stay.

Battery for Cameron was Jimmy Thompson on the mound and Leon Hollas, catcher. First base, Monroe Bayer; second base, Rev. Leonard Buxkemper; third base, Joseph Michalka; Short stop, Steve Polzer; left field, Lincoln Mondrik; center field, George Absnider; and right field, Paul Hoelscher. James Hollas is also a member of the team.

Girls Win

The girls team continued to uphold their spotless record thus far in the district race by beating the Bremont girls, 4 to 2.

Janis Jistel was accredited with the victory as she pitched the entire round. Evelyn Vybiral was behind the plate for the Cameron girls.

Members on the team are Mary Frances Zarosky at first base; Ethel Mae Jistel at second; Bernice Zarosky at third; Barbara Gurecky at short stop; Barbara Johnson in left field; Rudophine Hoelscher in center field; and Nancy Kubish in right field. Barbara Mondrik and Barbara Hollas are also on the team.

Civil Defense Advise 7-Day Food Reserve

The Federal Civil Defense Administration recommended today that families and individuals keep a 7-day reserve supply of food and water on hand as a home defense against nuclear attack.

Theodore M. Willcox, acting director of the FCDA Welfare Office, said this increase over previous recommendations for a 3-day supply results from super-bomb hazards.

The delayed second blow of the hydrogen bomb — radioactive fallout — may cause longer confinement under shelter.

"The change is an evolution in our planning to safeguard Americans in the light of new disclosures about the larger weapons." Willcox said. "The weapons have grown bigger and our planning must change accordingly."

He pointed out that fall-out "might keep people in shelters for anywhere from a few days to a week, depending on the intensity of the radiation resulting from fall-out," and added:

"If families and individuals plan against the larger hazard, it stands to reason that there would be considerably less suffering."

TRADE IN CAMERON

Joyce Ottmer To Marry S. H. Ferguson

Mr. and Mrs. Robert Ottmer of Sharp announce the engagement of their daughter, Joyce, to Sammie

H. Ferguson, son of Mr. Dan Ferguson of Buckholts, and Mrs. Mary E. Ferguson of Galveston.

Mr. Ferguson has just recently been discharged from the armed service, and is now employed with the Texaco Service Station in Cameron.

Joyce is a junior of Sharp high school. The wedding date has been set October 9, in the Sharp Presbyterian Church.

Catholic Youths To Honor Seniors At Austin Picnic

Senior members of the Catholic Youth Organization of Cameron will be honored at all day outing by members of the club on Saturday, May 28 at Barton Springs, Austin.

Twenty four members were present at the club's recent meeting Wednesday night when they decided to fete the seniors.

The entire club will leave Cameron at 7 a. m. that day. In charge of arrangements are Agnes Sheguit, Louise Johnson, Monroe Bayer, Pat Moraw, Janice Jistel and Mary Frances Zarosky.

The club will use the bus recently purchased by St. Anthony Parochial School.

Following the business session, Rev. Leonard Buxkemper, spiritual director, gave a spiritual talk to those present.

Mrs. Wm. Krause Funeral Services Held Tuesday

Mrs. William Krause, 75, a resident of Burlington for 52 years, died at 2 p. m. Sunday in a Rosebud hospital.

She was born in Austin County, Texas, October 17, 1879.

The funeral was held at 9 a. m. Tuesday, May 17, at St. Michael's Catholic church with pastor Reverend Michael O'Regan, officiating. Burial was in St. Michael's cemetery.

Nicholson funeral home was in charge of arrangements. rangements.

Survivors include four sons, E. J. Krause of Bryan, I. E. Krause of Tulsa, Okla., R. W. Krause of Houston and F. A. Krause of Burlington; and one daughter, Mrs. Leroy Witte of Houston.

C. H. Yoes' Remembered At Ceremony By Cameron School Children

Today at 8 a. m. two representatives from each home room in the Cameron Independent Schools made their annual journey to the gravesides of the C. H. Yoe's, who gave the Yoe High School building to the community many years ago.

Giving the prayer at the memorial ceremonies by the flower covered graves was Reverend John Solomon. After the ceremony school was dismissed for the remainder of the day in observance of the Yoe's grant.

Prelude to the ceremonies was the Yoe Day Assembly Program held in the school Wednesday morning. During the program Mrs Ruth Rosson's home room presented a pageant depicting scenes from the lives of the Yoes, including their grant to the City of Cameron, by way of a new and beautiful school building, in the early 20's.

Flowers were placed on the graves by the Student Council late Wednesday afternoon.

Herman Jahnke will visit relatives in Brenham over the week end and attend the city May Fete Friday and Saturday. Sunday he will leave for Baytown to visit with his sister Mrs. H. Wehmeyer whom he has not seen in many years.

Texas Farm Bureau Institute Set In Mineral Wells

The seventh annual Texas Farm Bureau Summer Institute will be held July 31, August 3 in Mineral Wells, according to A. R. Grauer, executive director of the state farm organization.

Designed to give instruction in building and maintaining county Farm Bureaus, the four-day training school will offer eight regular courses. These include History and Philosophy of Farm Bureau, County and Community FB Programs, Public Speaking, Servicing Farm Bureau Members, Parliamentary Procedures, Information Program, Membership Acquisition, and Policy Development and Execution.

A special course in Recreational Activities will be offered during assembly periods.

All classes will be conducted in the Baker Hotel. In past years, the training school was held at the Memorial Student Center on the Campus of Texas A & M College in College Station. The change was made in order to accommodate increasing attendance at the training school.

Instructors will be specialists in the state and national Farm Bureaus and the Texas A & M Extension Service.

scouters, however, Mr. Smith urged that everyone interested in the Youth of Central Texas come, with their families and friends, to view the facilities which are being made available to the boys of the nine-county area served by the Hart O'Texas Council.

Billy W. Marek With Woodum Auto Sales Here

Billy Wayne Marek of Burlington has accepted a position with the Woodum Auto Sales here following his recent discharge from the U. S. Army.

Marek, who attended school in Rosebud, entered the service in June of 1953 and received his basic training at Fort Bliss, Texas. At the time of his discharge he was stationed in the Canal Zone.

Parents of Marek are Mr. and Mrs. Walter Marek, Sr., of Burlington.

Aliene Burnett And Don Obermiller Feted With Party

Don Obermiller and Aliene Burnett, seniors in Yoe High School, were entertained with a party at the Knights of Columbus Hall by Mrs. Giles Burnett.

Aliene celebrated her 18th birthday May 8 and Don's 18th birthday was on May 9, the party was in recognition of both birthdays and graduation.

Cookies and fruit punch were served buffet style to the 16 attending high school couples attending. Dancing was to the juke box.

Assisting the hostess were Mrs. Frank Hanel and Mrs. Walter Obermiller.

Dr. Rex Kirkley Heads Boy Scout Special Committee

Dr. Rex Kirkley of Belton has been appointed chairman of a special committee to conduct the special dedication and open house to be held at Camp Tahuaya, Sunday afternoon, May 22, Roy J. Smith, president of the Heart O' Texas Boy Scout Council announced recently.

The open house and dedication services will mark the completion of the major projects in the expansion and improvement program which the council has been carrying out for the past two years at the Boy Scout camp.

Open for public view will be more than 72 structures, a completely renovated swimming pool, a five acre lake for boating and cabieubgl a bew dububg gakkl rufle range, and other major improvements, much of which is located on land purchased to expand the camp's area to 122 acres.

Guided tours, and other special activities, in addition to the actual dedication are to be features of the Sunday afternoon when the camp will be open to the public form 2 to 6 p. m.

Pecan Nut Casebearer Control

After small pecan start dropping off your trees with small worm holes in them, control measures will be too late advises J. D.

A moth appears the first half of May and lays grayish white eggs near the clusters of tiny pecans. This egg hatches into a small worm in 5 to 7 days. The small worm feeds on the growing tips of the pecan buds for about one week By this time the small pecans are near the size of a cottonseed. The worm then eats into the tiny pecan causing it to drop off of the tree. The only possible time to control this worm is while it is feeding on the pecan growing tips and leaves.

Three pounds of 50 per cent wettable DDT powder per 100 gallons of water, or two tablespoons per 1 gallon of water will give control if the application is timed right.

Farmers Should Be Aware Of Milam Thrip Damage

Farmers should be aware of the thrip damage to practically all cotton in Milam County, J. D. Moore, county agent stated. Thrips are small light yellow colored insects found in the small growing bud of the cotton plant.

They are very hard to see until one learns to find them. This insect has a saw-like mouth parts and feeds on the inside of the rolled-up leaves, or growing tip of the cotton plant. Thrip damage is easily recognized. After the terminal leaves unfold, they have a ragged curled appearance.

Best results are obtained where infestation is heavy by using 1 to 1 pints of dieldrin per acre as a spray.

Tests run at the Lubbock station last year showed Deildrin gave better control of thrip than did Toxaphene. Toxaphene is also recommended at 1 pint per acre. Dieldrin costs a little more, but if one application gives good control it will prove more economical than two treatments of toxaphene.

After the first application of Dieldrin, then Toxaphene can be used for the following treatment since it is less deadly to beneficial insects.

Mrs. Hughes Gives New Method For Canning Corn

Mrs. Alice G. Hughes, Home Demonstration Agent, stated that the one-step cold-pack method, for canning corn has just been released by the Foods & Nuturition Specialists at A & M College, as follows:

Corn, Cream Style

Cut corn from the cob at about the center of the kernel and scrape the cob. Pack raw corn into clean jars and fill to 1 inch of top of the jar. Corn should be leveled before measuring head space, but should not be pressed or shaken down. Add ½ teaspoon salt. Fill jar to top with boiling water. Adjust jar lids. Process in pressure canner at 10 pounds pressure (240 degrees F)

Pint jars — 95 minutes

Quart jars — Not recommended

As soon as you remove jars from canner, complete seals if closures are not of self-sealing type.

Burlington H. D. Club Meets With Mrs. George Logan

The Burlington H.D. club met Thursday, May 5 at the recreation hall with Mrs. George Logan as hostess. The meeting was begun with a song "Sweet Hour of Prayer" with Mrs. George Logan at the piano. The President, Mrs. Roy Schonhoeft led the club in repeating the club prayer and motto. The club donated $5.00 to the C. R. O. P. program.

The name of the person here responsible for donations to the Blook Bank was sent in. Mrs. George Logan was elected candidate for T.H.D.A. delegate.

Used Christmas cards were brought to the club to be sent to the united cerebral palsy association in New York. They have been sent this week.

The Sec. and Treas. Mrs. Dennis Klein read the minptes and called the roll. Roll call was answered by naming a shut in to send a card to. Cards were mailed to eight shut-ins.

Recreation was led by Mrs. George Logan. Winners of prizes in games were Mrs. Dennis Klein and Mrs. Jack Heugatter.

The council delegate, Mrs. George Logan read the council report.

The program was on "Home nursing and First Aid" and "Being a good hostess for young Children."

Part of the time at the H. D. club meeting was spent in assisting the 4-H club boys and girls finishing their painting. The boys and girls did some good. work.

For refreshments the hostess served cherry cold drinks, candiesh, macaroons, and potato chips.

Next meeting will be on May 19 with Mrs. Roy Schonhoeft as hostess at the Recreation hall. Agent Mrs. Hughes will be present.

More Texans Are Separated Than Enlisted In April

While 2,626 Texans were entering the armed forces in April, 4,904 were separated, it was shown Tuesday on an official report sent to Washington by the office of the state director of Selective Service.

Lieutenant Colonel Morris S. Schwartz, deputy state Selective Service director, said that, of the 2,626 Texans who entered the armed forces in April, 2,225 went in by enlistment, the remaining 401 going in through the draft boards.

While these men were beginning and ending military service, a total of 5,998 young men, mostly 18-years-old, registered with the state 137 draft boards. Practically all of the total registration involved males reaching their 18th birthday.

The federal draft law requires that all males in the United States register with a draft board on their 18th birthday, or within five days thereafter.

State Selective Service boards forwarded only 67 men during April for physical-mental examinations for military service. Thirty-five of this number were accepted by the army, the remaining 32 being rejected.

Johnson Cites Texas' Share In Road Program

WASHINGTON, — The 5-year roads program approved by the Senate Public Works Committee oday would net Texas almost 3-4 of a billion dollars, Sen. Johnson (D.-Tex) reported.

Johnson, in making public a breakdown of what his state would receive, told reporters he supports the measure.

Introduced by Sen. Gore (D Tenn) it would provide for financing by congressional appropriations rather than by 30-year 3 per cent bonds as proposed in an administration-backed highway bill.

Johnson said a one-cent gasoline tax to help finance the program might be levied in the House, where tax measures originate.

Johnson observed the proposed interstate highway system construction would be financed 90 per cent by the federal government and 10 percent by states — as compared with the present 60 per cent federal participation.

Under this phase of the over-all road program Texas would receive the following amounts: 1957—$57,500,000; 1958—$71,600,000; 1959 — $86,300,000; 1960—$115,000,000; 1961 —$115,000,000. This would total to $445,400,000.

MAGGIE McKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking ... and on the table ...

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed ... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night ... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Theme of the evening carried out the New Orleans Mardigras idea, with the gym decorated as a street in that city.

Many diverse forms of entertainment featuring the "French and the "Dancing Demons" were Frolickers", "Masked Moderneers" presented during the evening. "Around the Town with Charlie"

Too Many Drownings Thus Far In 1955

The number of drowning fatalities in Texas streams and lakes is running far ahead of last year.

"Folks can't afford to forget their rules for water safety," cautions the Texas Farm and Ranch Safety Committee. "The opening of swimming pools, along with the call of the streams, rivers and lakes, places added impetus on the necessity of safety in the water."

Of the 80,000,000 people who are expected to go for a swim this year, some 7,000 will drown.

Many drownings are caused by over - confidence, the committee says. "Too often people who have little swimming knowledge venture into deep water to show off their partially - developed skills and end up in trouble."

Select a safe place for swimming, preferably one supervised by a life-guard, the committee advises.

Don't go into deep water unless you are a seasoned swimmer, and then don't stay in too long.

Before diving be sure the water is deep enough and free of obstructions.

Never swim alone. Don-t enter the water when tired or overheated, and wait at least two hours after eating to take a dip.

And, know how to save a drowning person and how to apply artifical respiration.

The committee's final advice to the aquatic-minded: think first of safety and then enjoy your swim.

Notary Commissions Require Approval Of County Clerks

Secretary of State A. M. Muldrow has announced that he will re appoint all persons who now hold Notary Public Commissions and that all such persons must qualify by filing on oath and bend with the County Clerk of their residence between June 1, 1955 and June 10, 1955.

The law specifically requires County Clerks to approve Notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All Notary matters can only be received by the Secretary of State after the county Clerk acts thereon.

Any person who has not heretofore been a Notary Public should apply to his County Clerk between May 1, 1955 and May 23, 1955, if he desires to have this application given prompt attention in the State Department, as the rush of reappointing all old Notaries may slow up the ordinary process of making new appointments and issuing commissions.

Secretary of State Muldrow said, "Each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the County for which he is appointed; exact names and permanent addresses should be given to the County Clerk in applying for a commission, as location of the Notary may be necessary long after he has notarized a particular instrument."

MAYSFIELD NEWS

Mrs. J. P. Wise

Mr. and Mrs. Onnil B. Owen of Houston visited Mrs. Owens parents Mr. and Mrs. J. C. Freeman last weekend, B\. Owen went to Chilton to visit his mother, Mrs. Lula Gaines Sunday.

TEXAS PRESS ASSOCIATION MEMBER 1955

MILTON F. BROWN, JR. ..... Publisher
PEGGY FLORIDA ..... Editor

Entered in the Postoffice at Cameron, Texas, as mail matter of second class under an act passed by Congress, March 8, 1879.
Published every Thursday. Subscription rates: In Milam County $1.75 per year; outside county, $2.75; out of State $3.50.

Governor Shivers Buys 46 Head Scofield's Shorthorns

Governor Allan Shivers purchased Kamar Ideal Conqueror 2D, a Shorthorn bull and a foundation of 12 top Shorthorn females for his Magnolia Hills Plantation at Woodville. The purchase was made at the recent Scofield s' Ranch sale which averaged 1315 on 46 head for a total of $60,520.

Governor Shivers joins a distinguished group of Shorthorn breeders in the oldest recording association in America. Originally known as Durham cattle — first imported to this country in the late 1700's, the name Shorthorn was adopted by popular demand after it was found that by cross breeding Shorthorn bulls with the old Long Horn cattle, the horns of the latter were shortened.

Texas cattlemen are particularly interested in Shorthorns because of another cross which has developed the Santa Gertrudis cattle, a strain which is ⅝ Shorthorn and ⅜ Brahma.

Fertilized Pastures Average More Forage Per Acre Tests Show

Pastures fertilized after renovation averaged 2,240 pounds of forage to the acre more than renovated-unfertilized pastures in recent tests at the Blackland Experiment Station, Tmple.

The tests also indicated that pasture fertilization gives good increases in yield but that renovation alone does not necessarily increase forage production.

Conducted from 1952-54, the studies were designed to determine the value of renovation and fertilization of long-established Bermuda grass pastures.

Untreated check plots averaged 3,510 pounds of air dry forage during each of the three years, renovated pasture 3,390, fertilized pasture 5,500 and fertilized-renovated pasture 5,630 pounds of hay per acre.

All fertilized areas received 60 pounds each of nitrogn, phosphoric acid and potash yarly.

For First Class Paint Job, Do It Now

If you want this yar's paint job to turn out first-class, do it now.

The weather is relatively dry and temperatures moderate — optimum conditions for painting, says W. S. Allen, extension agricultural engineer.

The best paint in the world wouldn't stand up if applied in wet or damp weather, Allen says. In addition, sudden changes of temperature may cause new paint to wrinkle.

Don't paint when dust is in the air or flying insects numerous. Do as much of your job in the shade as possible. It's easier on the worker and the direct sun rays do not fall upon the newly applied coat.

The selection of paint probably is the main consideration. In humid warm areas, hard type paints stand up better. Softer base paints do better in dry climates. Your dealer can recommend the best type.

The next rules are simple, but important, Allen continues. Get the surface clean, dry and free of old-loose materials. Three or four light applications are much better than a single thick coat.

Finally, allow each new coat to dry thoroughly before the next is applied.

Many Texas Farmers And Ranchers Are Using Long Loans

Texas ranchers and farmers are using $28,559 in long term loans made available by The Equitable Life Assurance Society of the United States for ranch and farm ownership and improvement, it was announced today by O. E. Aday, regional loan supervisor from his headquarters in Dallas. At the end of 1954 there were 2,676 Equitable ranch and farm loans outstanding in the state and 380 of this number were new loans made during the year to Texas ranchers and farmers. The amount of loan funds advanced during 1954 to the ranching and farming community of the state totaled $6,211,000.

Car Insurance Rate Drops For Farmers

Jimmy Wiggs, representative of a local insurance company, reported today that the Texas rules and rates for automobile insurance which came effective May 1 offer definite reduction in rates for Farmer's and Ranchers' automobiles.

The over-all reduction of vehicles owned by Farmers and Ranchers amount to 20 per cent, while other drivers will profit from a 13.4 per cent reduction on bothe fire and theft rates.

Another factor denoted as of the utmost importance to families having teen-age drivers is the 10 per cent reduction in the private passenger classification rating for Driver Training credit for bodily injury, property damage and collision coverages.

May 22--28 Is Proclaimed As Bond Week

Governor Shivers today proclaimed the week of May 22-28 as "U.S. Defense Savings Bonds Week" in Texas, and called upon all Texans to do their part toward national defense by increasing their purchases of United States Savings Bonds.

"It is the earnest desire of every American," the Governor said, "that our country maintain an impregnable defense for the protection of our democratic ideals and free way of life. One way to insure this is through increased sale of Defense Savings Bonds. Therefore, I call upon every Texan to join whole-heartedly in this campaign."

More than 1200 volunteer workers representing every Texas County will devote their time and efforts to this driv during the week of May 22. Their goal will be: (1) to double the number of people buying bonds regularly on the Payroll Savings Plan and the Bond-a-Month Plan, and (2) to ask those already on the Plan to increase the amount of purchases each payday.

"Texas ranked only 38th in the nation in 1954 in ther percentage of the state sales goal attained," the Governor said. "This is far short of Texas standards. I think we can lead the nation in 1955 if every Texan will give this matter serious thought and action!"

The 1955 Savings Bonds sales goal for Texas is $201.9 million. The national goal is $5.5 billion.

Senators Vote Welfare Boost Of $7,000,000

AUSTIN, May 12. — The Senate passed Thursday the bill by Represenative Sayers of Fort Worth to put $7,000,000 a year in higher public welfare payments into effect Sept. 1.

The upper chamber turned down Sayers' townsman, Senator Willis, who sought to tack on an amendment to make the increases available for July and August payments for old age assistance, aid to the needy blind and aid to dependent children.

Senator Lock of Lufkin pointed out that Willis did not offer his amendment when it could pass on a simple majority but waited until it was on third reading and required a two-thirds vote.

Senator Hardeman of San Angelo also hazed Willis with an inquiry whether Willis wanted to pay higher pensions or jus vote them and let the state give a "hot check".

Hardeman sought to pin Willis down on willingness to vote for a tax bill to raise the extra $14,- than the answer that "I voted for 000,000, but got nothing extra the last one."

Only one minor amendment was put on the bill—one to give the $7,000,000 the same allocation priority that is given the present $35,000,000 a year for public welfare. The allocation takes the money from the omnibus tax clearance fund before it gets to the general revenue fund.

The measure will go back to the House for concurrence, then will go to the governor's desk.

Willis protested Lock's motion to take up the bill, which the Fort Worth senator said he did not know was out of committee. He said he had to run upstairs to his office to get his amendment, and that the bill was on third reading when he returned.

Senator Parkhouse of Dallas commented that the legislative service, which showed the bill out of committee a week ago, is delivered daily to his office and that he was certain Willis also had the opportunity to keep up with progress of bills.

Delay Charged.

Willis argued that voters approved the public welfare increase last year with a higher vote majority than most of the other constitutional amendments submitted.

He said the Legislature has raised her diem allowances of its own members and salaries of state officials, both of which were authorized at the same election, but had delayed action on the welfare items.

"We can say to the old folks than when we need their votes we will promise them this and promise them that but when it gets down to the rug cutting, we wait till we have to vote higher pensions," Willis declare.

"A lot of us are going to have a lot of explaining to do," he added.

Lock, who handled the Sayers bill, commented that the state has been in the "red' for several weeks, only recently getting back in balance, and that "the state does not have funds in this amount at this time."

Willis said he had questioned the comptroller and learned there was a cash balance of $13,000,000 to $14,000,000. now.

"I certainly wasn't questioning the good faith of the senator from Tarrant," Lock said. "I am sure he had some good reason for waiting until the bill was on third reading to offer his amendment.

"I'm sure there is some advantage in going from the stage where it takes a majority to one where it takes a two-thirds vote."

Lock said a point of order would be good against Willis' amendment because it sought to make an appropriation ahead of the general appropriation bill, instead of allocation, as Sayer's bill does.

However Lock declined to raise the point of order.

Hardeman asked Willis if he wanted to give the aged persons money or "just pass a bill that can't be paid."

The Willis amendment got 13 affirmative votes to 12 negative ones, but failed on adoption because it lacked the two-thirds majority.

The Sayers bill then was adopted on voice vote.

...with the sweetheart of the low-price 3

Biggest of the low-price 3! Plymouth is much bigger than the "other 2" low-price cars. You get more beauty outside, more comfort inside, more trunk space, plus the only truly big car ride in the lowest-price field.

Most economical of the low-price 3! Plymouth's fast-stepping new 6-cylinder PowerFlow 117 is a joy to drive, and own. Its exclusive Chrome-Sealed Action locks in power to give you peak performance for extra thousands of miles—at rock-bottom cost.

Greatest vision of the low-price 3! Plymouth's new Full-View windshield, with cornerposts swept back both top and bottom, gives you the widest vision of any low-price car.

Newest power features! Plymouth alone offers full-time Power Steering, and all the other energy-saving power assists, at low extra cost. And you get many features that other low-price cars don't have.

Drive this big beauty today!

Why pay up to $500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

THE PEOPLE TAKE A BOW

By Jack Tumlinson

The spotlight of world acclaim is justly focused on the modest figure of Dr. Jonas E. Salk, developer of the polio vaccine. Sharing the glare and the glory are other laboratory luminaries who contributed to the resevoir of knowledge and experience from which the vaccine emerged.

But before the tumult and the cheering die, the spotlight must be shifted to the anonymous millions of Americans in every city and crossroads village of the nation who, through their contributions to the National Foundation for Infantile Paralysis, are making the planned scientific miracle of polio prevention possible.

Many of these 80,000,000 citizens have contributed more than money. During the past 17 years they have invested labor, faith, and hope, as well as their dimes and dollars, in this massive drive to control polio. By virtue of this investment, they have become stockholders — as well as stakeholders — in the still unfolding drama of polio prevention.

For it is perhaps too little known that their work is by no means finished. With the same tenacity that has distinguished their efforts up to now, these volunteers must realistically face demands still to be made upon them. Tens of thousands of polio victims already stricken will need March of Dimes aid for years to come. Research into vaccine improvement and better treatment must continue. Thousands more will come down with polio and need help, before "finis" can be stamped across the disease. Polio will remain a challenge requiring voluntary support for a long time.

But the moment has come for The Eighty Million to pause in their labors long enough to step into the spotlight and take a bow.

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

The worlds largest crop is grass. Not only does it cover more than a fifth of the land surface of the globe, but it is the most widely distributed of all plants. Grass is a land builder. Grass affords protection from floods, guard the water supplies of our cities and supplies the forage for livestock. Of all the plants in existence, grass is the most essential of mans, existence. "All flesh is grass'., Iaish says in the Bible.

In the United States nearly a billion acres, or a little over half of the total acreage of the country, produce grass that is used for grazing livestock. In the original state, grass was growing luxuriantly when the pioneer first brough in his herds of livestock.

Nature had provided grass as the plant best adapted to grow on most of the vast rangelands and pastures. Although it is hardy, grass is a living thing and like animals must have food air water and light to live and develop. It must have certain things for growthe and a plant body large enough to make leaves stems, roots, and seeds.

The grass plant has roots in the soil that take in water and minerals, and green tops that take in air and light. From the water, minerals and carbon dioxide in the air, the green leaves manufacture the plant food and plant tissues from which it makes new plant growth in stems, leaves, roots and seeds.

Without sunlight the plant would not be able to manufacture food in the leaves. Without leaves, the roots are helpless because they would not be able to manufacture and develop when the soil, moisture, heat and light are present in the right combinations for growth.

During the past few years in the Central Texas Soil Conservation District, weather conditions have been heavily damaged because of drought and in many cases when numbers of livestock were to adjusted to meet the reduced grass production, overgrazing resulted. Technicians with the Soil Conservation Service are encouraging farmers and ranchers to provide supplemental pasture through the use of vetch, clover and Sudan in order that the permanent pastures may be rested and the plants regain some of their lost vigor.

There is a great need for the native grasses to produce a seed crop to replenish that which had died out and also a need for the sod forming grasses to be able to spread.

Two Miles Of Texas Longhorn Cavern Now Open

The two miles of Texas Longhorn Cavern now open to the public and the six additional miles that have been explored hint at yet undiscovered marvels that may come to light if the subterranean vastness of the huge cave is ever thoroughly charted, in the opinion of qualified cave experts.

Longhorn Cavern, which is the third largest cave in the world in its present form, already can boast of a greater variety of natural phenomena than any of the other great caves of the world. Every one of the tremendous chambers and the passageways which connect them is different — due to the diversity of the rock layers through which the cavern was carved by an ancient river.

The Chandelier Room has grotesque stalactites hanging like weird chandeliers from the ceiling. In the Dome Room, the ceiling is pitted with strange dome-like depressions Crystalized calcite in the fabulous Hall of Diamonds makes the walls sparkle as though encrusted with precious gems. One long tunnel is reminiscent of the Catacombs of ancient Rome. Iron oxide gives a rich glowing red color to the walls in many parts of the cavern. The Main Room is 183 feet long and has had as many as 2,360 people in it at one time (an wasn't even crowded).

In the section of the cave still closed off to the public, two lower levels have been explored, one 185 fet below the surface and the other an eerie 310 feet deep. And the end has not yet been reached, vn by th most intrpid bands of "spelunkers." As the cave experts say, no telling how much further the cave goes, winding its way beneath the craggy hills of the Highland Lakes resort country.

Guided tours leave the cavern's administration building every hour and the cave is open every day of the year. The round-trip stroll to and from the deepest point on the tour, 120 feet underground, takes about two hours. Temperature remains at a comfortable 64 degrees, no matter how hot it gets outside.

Already one of Texas' most alluring scenic attractions for out-of-state tourists, the cavern is also unusually accessible for sight-seeing Texans from all corners of the state.

The famous cave is located in beautiful Longhorn Cavern State Park almost in the geographical center of Texas. Entrance to the park is four miles south of Burnet on U. S. Highway 281.

Local Battery C Called To Home Of Farmer Who Killed Limeston Sheriff

Cameron-s Battery C-649th was called into action Sunday morning when their aid was enlisted to help take a crazed Groesbeck farmer who killed Limestone County Sheriff J. Henry Dunlap, 42, from his farm home barricade earlier in the day.

The five hour battle was concluded when a tear-bomb was tossed into the crazed farmer's home, N. J. Tynes, 40, and he was dragged yelling from the house.

Tynes started this battle with the law when the sheriff went to take him to a mental institution and the farmer refused to go, barricading himself in his home and holding a posse of approximately 100 lawmen at bay for five hours. The body of the sheriff lay in Tynes' back yard for four hours before officers could reach it.

The tank from Ft. Hood reached the scene of the tragedy a few minutes before the local guardsmen arrived.

Those taking the half-grack M-16 to the farm were Captain James Terry, Chief Warrant Officer Eugene A. Mees, Cpl. Louis Krenek and Cpl. Louis Krenek.

S. S. Representative Here May 24

The regular visit of the Social Security Representative to Cameron, Texas, will be Tuesday, May 24, 1955.

The public is invited to contact this representative at the Department of Public Welfare at 1:00 p.m.

This community service is offered by the Austin office of the Social Security Administration for the convenience of residents of this area.

League Managers Are Named

Summer Bowling Leaguers will hold their second session of play tongiht starting at 8 p. m. Emil Hollas, Alley Manager, reported that there are eight teams competing for the summer League championship.

Bowling is being held Monday, Tuesday, Wednesday and Thursday nights, with two alleys left open for other than League bowlers on Monday and Wednesday evenings.

Hollas stated that this year, as in the past, at the conclusion of the 18 weeks bowling a barbecue will be held.

Research scientists of the Texas A & M College System from 1953-54 diagnosed more than 60 diseases of poultry among some 11,037 chickens, turkeys, and other avian submitted to state diagnostic laboratories at Gonzales, Center and College Station.

Teams and their managers are: Team I - Merle Masopust; Team II — Rudy Richter; Team III — Rudy Richter; Team III —Ralph Michalka; Team IV — Dr. Jack Boyce; Team V — Bob Wells; Team VI —Joe Humplik; Team VII Phillip Ermis and Team VIII —Leo Hollas.

Hollas, manager of the alleys, and Ermis, president of the Summer League issued an open invitation to the public to visit the alleys to observe the games.

Brenham Maifest One of Humble's T. V. Features

Often imitated but never excelled the Brenham Maifest is one of the most colorful events in Texas.

Next week the Humble Company TV program, Texas in Review, will feature films of the gay festival including the parade, crowning of the queen and other interesting happenings.

Other interesting Texas events on the same program include the Carnival of Nations at San Antonio and a celebration at Muenster for the progress made in soil and water conservation.

Sunday (May 22) Texas in Review can be seen on KPRC-TV, Houston, 10:00 p. m.

Monday (May 23) the program appears on KRLD-TV, Dallas, 6:30 p. m. WOAI-TV, San Antonio, 6:30 p. m.

On Tuesday (May 24) Texas in Review can be seen on KTBC-TV, Austin, 7:30 p. m.; KCEN-TV, in Temple, 7:30 p. m. and KANG-TV Waco, 8:30 p. m.

Sharp Will Play Bi-District Game

The Sharp Mustangs, who won he District 56-B baseball championship last week when they defeated Buckholts 5-0, will play the District 55-B champion in a bi-district game when the 55-B schedule is completed.

108 Prospects For C of C New Members

May 9 through May 20 marks the date of the Chamber of Commerce Membership Drive for 1955. With a list of 108 prospective members, the committee is canvassing the town to enlist further support for the Chamber of Commerce. This organization is composed of businessmen and individuals with the sole purpose of making Cameron a bigger and better town.

In the Chamber's program of agriculture, preparations are made for the Annual Junior Livestock Show, the Milam County Junior Broiler Contest and Show, tours of experiment stations, and the Cotton Production Contest.

In its Industial program, contacts are made with firms seeking locations. Personal contacts are made by telephone and in person and information is presented to them in the form of an industrial brochure. There are five such contacts now in progress.

The publicity and public relations department have elected their program of work to include, for this year, obtaining colorful picture post cards of our city to accomodate persons travelling through our city, to welcome all out-of-towners and encourage their return, and to investigate the possibility of erecting welcoming signs on the highways out side of town.

The uppermost thing in the Civic Improvement Committee's mind is a municipal building for Cameron, which would include space for the public library, the chamber of commerce, a large auditorium and also act as a recreation center for young people.

This is only a brief outline of work for this year by only a few committees. This is by no means the extent of activities that the Chamber will cover.

C of C Adds 5 More Businesses To Membership

Five more business have been added to the Chamber of Commerce, Mrs. Barbara Smitherman, manager-secretary, announced Friday.

The membership drive, which began May 9, is headed by Jimmy Wiggs. It will continue until May 20.

The latest total of new member ships, added during this drive, is nine.

Sharp Class Goes To Kerrville

The senior class left Friday morning for the Lazy H Ranch at Kerrville.

They were accompanied by their sponsors, Mr. and Mrs. Dwight Hine and Mr. and Mrs. W. R. Bunker.

The thirteen seniors were scheduled to return home late Sunday.

Mrs. A. Gurecky Entertains 42 Leisure Club

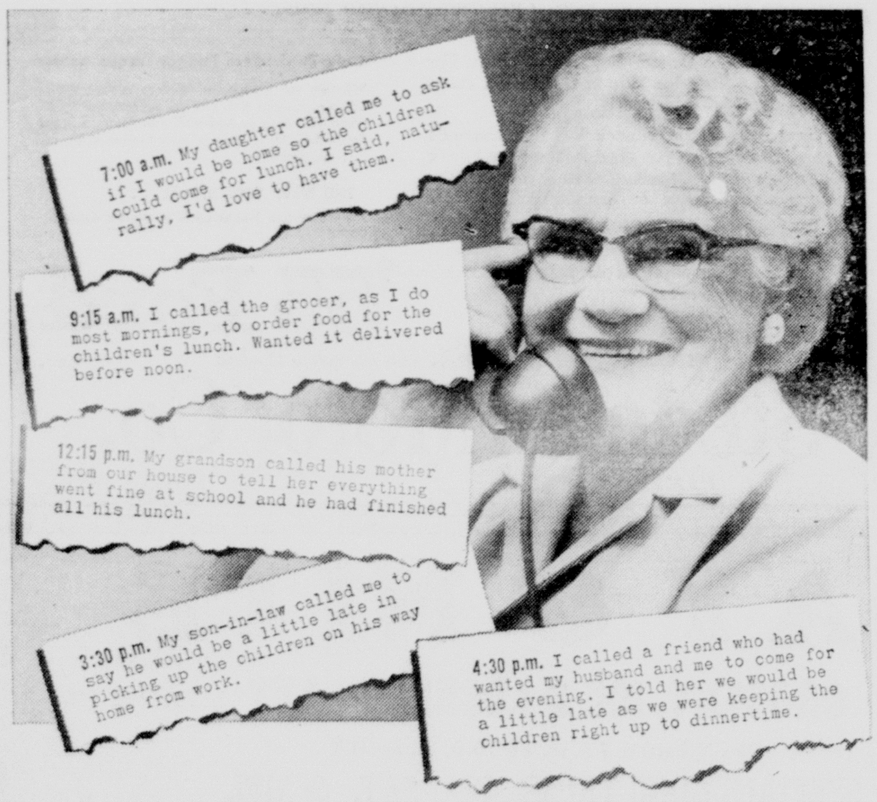
Mrs. August Gurecky entertained the members of the 42 Leisure Club Friday evening in her home.

Decorations consisted of arrangements of spring flowers and bells of Ireland placed at vantage points throughout the rooms.

Winning high score for the evening was Mrs. P. L. Bergum, with Mrs. Leo Laake winning second high. The 84 prize went to Mrs. Henry McLane.

After the games of 42 the hostess served angel food cake and punch.

The next meeting will be held May 26 at the home of Mrs. Bergum.



7:00 a.m. My daughter called me to ask if I would be home so the children could come for lunch. I said, naturally, I'd love to have them.
9:15 a.m. I called the grocer, as I do most mornings, to order food for the children's lunch. Wanted it delivered before noon.
12:15 p.m. My grandson called his mother from our house to tell her everything went fine at school and he had finished all his lunch.
3:30 p.m. My son-in-law called me to say he would be a little late in picking up the children on his way home from work.
4:30 p.m. I called a friend who had wanted my husband and me to come for the evening. I told her we would be a little late as we were keeping the children right up to dinnertime.

"TELEPHONE IS THE CENTER OF OUR FAMILY CIRCLE"

These are the words of Mrs. Colin Stewart, one of a group of Southwestern Bell customers who recently kept a day-to-day record of telephone calls made and received during one week.

Until she kept this record of calls, Mrs. Stewart says she never really realized how important a part the telephone plays in her family life.

You see, Mrs. Stewart's husband is retired now, and though they spend more time together, she still likes to keep in touch with all of her family—a daughter, son-in-law and four grandchildren.

Above are just a *few* of the telephone calls Mrs. Stewart listed during one day. They show why she says that the telephone is the center of her family circle.

The telephone in your home is only the beginning of the greater telephone convenience you may enjoy. For information on how you can have modern, *complete* home telephone service, please call the telephone business office.

SOUTHWESTERN BELL TELEPHONE COMPANY

You don't have to look twice to tell it's a Mercury
MERCURY
New Mercury Super-Torque V-8 Engine
188-HP
National Report Proves:
MERCURY CONSISTENTLY LEADS ITS FIELD IN TOP TRADE-IN VALUE!
look at the record before you buy

MERCURY COSTS LESS THAN YOU THINK. This big Mercury Custom 6-passenger Sedan, shown above, costs less than 13 models in the "low-price" field.* CO-OP

No other car offers you 3 bigger reasons for buying it

1. **EXCLUSIVE STYLING SHARED BY NO OTHER CAR.** There's no mistaking a Mercury—it's *distinctive* from every angle. The unified bumper and grille assembly, the original use of color and chrome, the massive tail-lights . . . all say "Mercury."

Mercury offers 11 models in 3 series. You'll find a Mercury that's just right for your needs. Regardless of the one you select, you get the distinctive styling that makes Mercury America's most *advanced* new car.

2. **NEW SUPER-TORQUE V-8 POWER AT EVERY SPEED.** Mercury puts high horsepower to work in a new way—not just for high speeds but for *everyday* driving. You get far more pickup at every speed—reserve power for safer passing, hill climbing.

And "high-price" car features are yours in Mercury at no extra cost—4-barrel carburetor, high-compression anti-fouling spark plugs, ball-joint front wheel suspension, and dual exhausts on 8 of 11 models.

3. **CONSISTENTLY HIGHEST TRADE-IN VALUE IN FIELD.** Mercury is champion of its class for resale value, according to independent market reports of used-car prices. Year after year, Mercury has consistently held that distinction because it's styled to be years ahead in beauty . . . powered to be years ahead in performance.

You're ahead when you drive a Mercury, too, because of Mercury's traditional low operating cost.

*Based on comparison of manufacturers' suggested list or factory retail prices.

Chamber of Commerce Membership Drive Well Under Way This Week

Four new businesses have been added to the membership of the Cameron Chamber of Commerce. This will mak the total members to date, 156.

New members are Fred Carroll Service Station, Pat Sanders Service Station, Harris Service Station and the Central Butane Company.

The membership committee, composed of twenty - six business-members during the period of May 9 through May 20.

Jimmy Wiggs, Chairman, states "the Chamber of Commerce is an organization of businesses and businessmen and through our program of agriculture, we hope to enlist the support of many of our ranchers and farmers."

Homemakers Class Meets With Mrs. W. A. Heath

The Homemakers Class of the First Baptist Church met Tuesday afternoon with Mrs. W. A. Heath for a business meeting.

Mrs. John Hause presided, with Mrs. O. L. Kidd giving the opening prayer.

Mrs. Gertie Harris gave the devotional on Mother to the eleven members present.

Following the closing prayer by Mrs. John Ryan a social hour followed.

Milano Senior Class Visits New Orleans

-by JERRELL HOOD

Class President

At 4:30 a. m. on Thursday, May 5 sixteen seniors of Milano High School chaperoned by Supt. W. W. Wilson, Mrs. Wilson, J. A. Bowling, and Mrs Bowling, class sponsor, boarded a school bus for their senior tip. Early in the school year New Orleans had been chosen as their destination and throughout the year the class had worked diligently to raise the funds necessary for such a trip in first class style.

Morning traffic was light, and by breakfast time the group had reached Livingston, Texas. By patronizing several different cafes, we were soon served and ready to resume our trip. However, Ronald Westbrook, having learned that the Livingston seniors had also left that morning for New Orleans, would not budge until the class had decorated our bus with signs and pictures. The polish did the job of advertising our home town and also abilities as artists.

As we traveled along many comments were heard of the country side, especially flowers, trees, and other scenery being different from that of Milam County. Comments were also heard about the roaming cattle which always seemed to slow us up.

As it neared noontime Mr. Wilson set up a cafe in the end of the bus and served lunch on paper plates while Mr. Bowling chauffeured us. We were not taking any chances on losing any time. Few rest stops were made, but we made one not scheduled on Huey Long Bridge just out of New Orleans when we ran out of gas. The No Parking sign didn't cover our predicament said the Louisiana patrolmen, who came up just as Dickie Hurt was putting out the red flares.

We reached New Orleans, 52 miles from Milano, about five o'clock, found hotel accommodations and prepared for a night of sightseeing or shows. Sleeping was a necessity for some but was postponed as often as possible. Friday we toured the French Quarter, took a steamer ride of two and half hours up the Mississippi River where we saw boats loading and unloading from foreign ports.

The sights in the French Quarter were too numerous to mention, but several of us got a big thrill by having our portraits painted while sitting out on the square. Mrs. Bowlings wonders what those French artists did to us or gave to us to keep us still enough for portrait painting. There were seniors from Tennessee, Mississippi, and Louisiana at our hotel and many new acquaintances were made.

Saturday we started our homeward journey, choosing a different route. We spent Saturday night in Lake Charles, another beautiful Louisiana city built on a lake. Shopping for Mother's Day gifts and shows were the main diversions here.

Traveling on homeward Sunday we saw many things of interest in Orange and Beaumont. We made Navasota our lunch stop, and arrived in Milano about 3:30 that afternoon, a weary but happy group.

Many thanks go to everyone who made this wonderful trip possible.

Keep Dust Out In Simple Way

There's so much written and said about all the disease carrying germs dust blows around, it makes a fellow afraid to breathe—even in his own home.

But he doesn't have to be, if he follows a few simple rules learned by a University of Texas Medical Branch bacteriologist who actually dug into the problem, so to speak.

Scientists had proved such diseases as tuberculosis, diphtheria, chickenpox, the common cold, measles, plague, polio, smallpox and typhus fever actually sit on invisible dust particles which are breathed into the human lungs. So Dr. Frank B. Engley launched a full scale research project to determine what's up in the air indoors and how best to get rid of it.

Using special sampler machines to evaluate organisms he experimented in Medical Branch hospitals, but his findings can well apply to the home or business.

Contrary to popular belief, Dr. Engley's research showed sneezing and coughing are not dangerous way to spread diseases. This is because most of the particles emanating from the mouth or nose either dry or die before they can become particles left over, and these fall to the floor to live a comfortable life with other bacteria which seem to love floors.

harmful — but there are some

Sweeping floors proved to be the biggest hazard inspreading dust-borne germs. As proof, he tested air in a room where no people had been. Only a few bacteria could be seen on the sampler. Then two people swept the floor with a broom. The sampler showed the air completely filled with bacteria particles and half an hour later the air was still contaminated. Incidentally, the two sweepers came down with a respiratory ailment.

So the best way to keep this type of dust down is to use a wet or oil mop — and never sweep, Dr. Engley found.

Bacteria also was stirred up when bed linen was changed or laundry counted. Dust was found to accumulate in air conditioning ducts.

To cut down dust indoors Dr. Engley recommends: plenty of fresh air, clean filters in air conditioners, oil or wet mopping of floors, and the use of ultra-violet lamps in sick rooms.

TRADE AND SAVE
IN CAMERON

Have You Had Your Potato Today?

Have you had your potato today? Food and Nutrition specialists remind us that the Texas Food Standard — Texas Homemakers' guide for planning meals — lists one serving of potato a day.

Potatoes dupply food energy at low costs. They also yield a small amount of protein which is improved in quality when potatoes are served with meat, fish, eggs or milk.

If properly prepared, potatoes furnish vitamin C, the B vitamins, thiamine and riboflavin, and some iron. Boiling potatoes in their jackets or baking them is the best way to retain vitamin and mineral content.

It is not a fact that potatoes are fattening and must always be omitted from a weight control diet. A medium-sized potato supplies only about 100 calories — about one-third the amount supplied by a piece of pie or a piece of iced cake. It is the table fat and gravy added to the potato that add calories to the serving.

Potatoes have many uses. Combined with meat, fish, eggs or cheese, they are part of the main dish; boiled, baked, mashed or fried, they are served as an accompaniment of a main dish. They also appear in soups, pancakes and salads.

Add variety to your meals by serving potatoes a different way each day.

L. L. Greer of Mendin, Louisana, transacted business in Cameron this week.

County Agent Hears Compiaints On Magnolia Trees

County Agent J. D. Moore was still having more requests for help with Magnolia trees. Leaves from a Magnolia that had turned yellow with brown spots were sent to College Station last week. A. F. DeWerth, Head of the Department of Floriculture and Landscape Architecture at A & M College wrote Moore that this is a natural condition at this time of year. Old leaves always discolor and drop before and during the occurance of new growth each year.

The tree may be attack by a fungal leaf spot and a spray to correct or prevent this is copper sulfate. The tree should be sprayed 4 times a year, about April 15, May 15, September 15 and October 15.

One of the best preventative treatments as well as corrective treatments is regular fertilization and watering, Moore said. Valuable shade trees should be fertilized and well watered once each month during the growing season. A good guide for fertilizing is one pound of 5-10-5 per sq ft of shade the tree makes. Cover the entire shaded area and water thoroughly.

Mrs. Leo Fuchs Elected Treasurer Of A & M Mothers

Mrs. Leo L. Fuchs, 1901 N. Travis Ave., Cameron, new treasurer for the "Federation of Texas A & M Mothers' Club" and Mrs. C. W. Hudson, Box 87, Cameron, attended the annual meeting of the "Federation of Texas A & M College Mothers' Club" May 7 at the Memorial Student Center at A & M.

The meeting started at 10 a. m. after coffee served by the Brazos County A & M Mothers' Club.

The president, Mrs. J. F. Van Wert from Marshall presided. Mrs B. A. Wulfman, Amarillo, program chairman, planned most interesting program, consisting of music by Ernie Martelino, pianist, a student at A & M from the Philippines, and guest speaker Dr. J. P. Abbott, Dean of the College.

Mrs. Gus A. Becker, Mirando City, presented the program in the absence of Mrs. Wulfman. At this meeting new officers were installed for the coming year.

Grand Prize naturally doubles your pleasure

because nature grades each golden drop!

Look at nature's way of grading—Heavy goes to the bottom—Light rises to the top. That's why in Grand Prize you get just the choice *top of the brew.* Only this naturally light and dry best part of the brew is bottled for you! Never a trace of heavy harshness or cloudy bite—can't be—because nature knows best. Always has. Always will. Catch up on pleasure—step up to Grand Prize, todav!

Tell the man, "GP for me—naturally!"

Corrine Mekush Heads Buckholts Senior Class

Corrine Mekush has been named Valedictorian and Charles Lee Obermiller Salutatorian of the graduating class of Buckholts High School, according to an announcement by O. W. Benold, school superintendent.

Corrine is the daughter of Mr. and Mrs. John Mekush and finishes high school with an overall average of 96.105. She has been class treasurer for the past two years, a member of the pep squad, was cheer leader two years, FHA vice-president, basketball letter one year, was Football sweetheart this year, participated in junior and senior plays and has been a member of FHA during her four years of high school.

Charles Lee is the son of Mrs. Annie Lou Obermiller and the late Lawrence Obermiller. His average is 92.245. He was a member of FFA four years, second vice-president, local and district, Lone Star Farmer degree, participated in football three years, also in junior and senior plays, and was past King of the May Fete.

Others in the graduating class are Betty Jo Henson, Dorothy Hundle, Helen Svetlik, Marilyn Hanke, Dorothy Price, Marion Fuchs, Inell Tomesek, Gloria Mendoza, Zackie Griffin, George Weido, Juliannn Janes, and Grace Stoebner.

Mrs. E. S. Shirley, Former Cameronite, Dies In Temple

Mrs. Elmer S. Shirley, 1813 S. 3rd. Street, Temple, died suddenly Sunday night at 11:50. She was a former resident of Cameron.

Mrs. Shirley was born May 18, 1900 at Comanche, Oklahoma. She was the daughter of the late Henry and Tiney Borlin Green.

Among her suvivors are her husband, E. S. Shirely of Temple and one son, Bobby Jack Shirley with the U. S. Air Force in Korea. She is also survived by three sisters, Mrs. C. N. Noey and Mrs. Condon Farley both of Cameron and Mrs. Della Schostag of Glidden, Texas; one brother, Curtis Green of Texas City.

Funeral services are pending with Green's Funeral Directors who are awaiting word from her son in Korea. Interment will be made in Oak Hill Cemetery.

Safeway Option On Henderson Property Till July

Although rumors are many in connection with the building of a new Safeway Grocery Store in Cameron, John Henderson, from whom the company has acquired an option on property located on the Temple Highway, reported that the company has not notified him of their decision and that they have until July to either take or release the option.

The site of the new proposed location is on the Temple Highway across from the Henderson home in the 400 block of Fourth Street.

A representative of the Engineering firm employed by Safeway presented a plat of the property, which covers almost two acres with 400 foot frontage, to the city council recently asking if facilities would be forth-coming should Safeway decide to build.

Clifford Thompson, one of the council members, worked out preliminary plans with the representative.

Joyce Nicholson Chosen To Attend Speech Institute

Joyce Nicholson, daughter of Mr. and Mrs. Bert Nicholson, was among approximately 130 students in the United States who were chosen to attend the National High School Institute of Speech this summer.

The six weeks course, June 26 to July 30, will be held at Northwestern University near Chicago, Ill.

Joyce was chosen after her records and application were examined. The contest is highly competitive and students of all 48 states enter.

Each student chosen is judged on his ability, studies in high school, extra curricular activities and letters of recommendations.

Joyce is a member of the band, secretary of the Junior class, vice-president of the Student Council, and president of the C. Y. F. of the First Christian Church.

She is also well-known in many public gatherings for her recitations.

Local Baptists Attend Annual Convention

Among the Texans attending the Southern Baptist convention in Miami, Florida this week are Cameronites Mr. and Mrs. Jimmie Asher. Mr. Asher is the Educational Director at the First Baptist Church here.

Five new "million-milestones" ere reached last year by Southern Baptists who are gathering for their annual convention sessions.

The new milestones, as reported by J. P. Edmunds, secretary of the Survey, Statistics and Information Department of the Sunday School Board, are:

Church membership passed the 8,000,000 mark.

Sunday school enrollment went over the 6,000,000.

Training Union enrollment surpassed 2,000,000.

Mission gifts exceeded $50,000,000

Total giving went above the $300,000,000 mark.

"No other year in Southern Baptist Convention history registered so many outstanding achievement" Edmunds said.

His report showed that there were 8,169,491 members in 29,899 churches. He termed Southern Baptists "the fastest growing major denomination in the United States."

This is the convention's second trip to Miami in the last four years. This year's sessions were moved to Miami when it became apparent that the original choice for 1955, Washington, could not provide suitable facilities.

As in past conventions, Texans will be prominent in not only the number of delegates attending but also on the program.

Dr. J. Howard Williams, president of the Southwestern Baptist Theological Seminary in Fort Worth, will make the theological seminary address for the five seminaries owned by the convention.

Miss Juana Garcia of Fort Worth, a missionary working in Cuba, will speak to the Woman's Missionary Union which opened its annual meeting there Sunday.
